ABOUT

Junior frontend developer with a background in visual design. Currently building skills in React, JavaScript, and UI development to better understand how people interact with digital systems. Strong analytical and visual thinking, quick to learn new technologies, and motivated to contribute to team projects. Open to internship and remote/hybrid opportunities in frontend development.

RELEVANT EXPERIENCE

Frontend Developer (Personal Projects) – React, Tailwind, GitHub

- Developed a responsive photography portfolio website with modern UI design
- Built reusable React components and practiced state management
- Implemented responsive & mobile-first layouts with TailwindCSS
- Applied version control with Git/GitHub and documented project code

Independent Learning (2024 – Present) – Frontend Development

- Self-taught training in HTML, CSS, JavaScript, React, and UI/UX principles
- Completed several projects to apply theory in practice (portfolio site, UI components library)
- Continuous learning through FreeCodeCamp, and online tutorials
- Practicing clean code principles and agile-inspired workflows

EXPERIENCE

Teaching Assistant | Academy of Fine Arts, Bologna | 2022 -2023

- Supported teachers and students during classes and workshops
- Maintained and managed photography studios and darkroom
- Created and updated the equipment inventory
- Planned and scheduled studio and lab usage

Customer Service & Public Relations | Photograph, Editor | 2015 - 2023

- Extensive experience dealing with customers, problem-solving, and maintaining a professional and organized work environment.
- Ability to communicate technical concepts to non-technical users.

Volunteer IT Support | Computer Shop, Bari, Italy | 2010 - 2015

- Assisted the shop owner (former military IT specialist) with PC setup, hardware upgrades, troubleshooting, and network configurations.
- Supported customers with software installations and basic cybersecurity practices.
- Gained hands-on experience in computer maintenance and problem-solving through direct mentorship.

EDUCATION

- **2024** - SFI 3C (Alvik) Swedish (ongoing)
- **2023** - "Comptia Sec+, PenTest" - Musa Formazione (ongoing)
- **2022** - CISCO Scholarship - Cisco NetAcademy
- **2021** - MFA in Photography at Bologna Fine Art Academy, IT
- **2018** - Bachelor's Degree in Cinema at Bologna University, IT

COMMUNICATION

English (Fluent), Italian (Native), Swedish (Currently Learning at SFI), French (Intermediate) and Spanish (Basic)

SKILLS and ABILITIES

- Operative systems, remote support, files management, comfortable learning new tools and systems, adaptability.
- Python and React (basics)
- Remote Office Management: Google Suite, Operative System (macOS, Windows, Linux), mobile (iOS, Android), troubleshooting.
- UI & Frontend Tools: React, CSS, Canva, Figma
- Photography & Visual Identity: Experience crafting meaningful visual narratives
- International Computer Driving License (Core and IT Security) and other Badges available on CREDLY

GAME CULTURE & INTERESTS

- Passionate about games, particularly role-playing games (RPGs) that focus on immersive storytelling, complex decision-making and player psychology
- Interested in role and simulation games and community
- Artificial Intelligence & Tech Innovations
